

SUMMARY

Full Stack Developer with hands-on experience building and maintaining production web applications using React.js, Node.js, Express.js, PostgreSQL, and MongoDB. Worked on a live UCaaS platform across frontend, backend, database, debugging, and production deployments. Also developed an AI-powered mock interview platform with JWT authentication, REST APIs, and MongoDB.

TECHNICAL SKILLS

Frontend: React.js, JavaScript (ES6+), TypeScript, HTML5, CSS3, React Hooks, React Router, Responsive Design, Cross-Browser Compatibility

Backend: Node.js, Express.js, REST APIs, JWT Authentication, Session Management, PHP

Databases: PostgreSQL, MongoDB (NoSQL), MySQL, SQL, MongoDB Schema Design

Tools & Development: Git, GitHub, Postman, VS Code, Agile/Scrum, Component-Based Architecture

EXPERIENCE

Full Stack Developer — MCM Pvt Limited

Apr 2026 – Sep 2026

React.js | Node.js | Express.js | PostgreSQL | Git

- Worked on a live UCaaS server and web application, contributing across frontend, backend, database, and production environments.
- Developed and maintained React.js interfaces and Node.js/Express.js backend functionality for production features.
- Designed and optimized PostgreSQL databases and resolved frontend/backend issues across the application.
- Developed, tested, merged, and deployed production features while coordinating changes with the development team.

Web Developer Intern — Sheetal Enterprises

Oct 2025 – Mar 2026

React.js | HTML5 | CSS3 | React Router

- Developed responsive, mobile-first interfaces for 3+ production websites using React.js, HTML5, and CSS3.
- Built reusable React.js components to reduce duplicated UI code and improve consistency across project modules.
- Implemented client-side routing and responsive layouts across desktop and mobile screen sizes.
- Participated in production deployments, debugging, and code reviews to resolve UI and functionality issues.

PROJECTS

AI Mock Interview Platform

React.js | TypeScript | Node.js | Express.js | MongoDB

- Developed a full-stack AI-powered mock interview platform that generates role-specific interview questions and provides personalized AI feedback.
- Implemented JWT-based authentication and REST APIs for user registration, login, profile management, interview sessions, and interview history.
- Designed MongoDB schemas for users, interview questions, and interview history with a modular Express.js backend.
- Built a responsive React.js + TypeScript frontend using component-based architecture for interview workflows and feedback display.

EDUCATION

B.Sc. in Information Technology — Prahladrai Dalmia Lions College, Mumbai

Sep 2022 – Apr 2025

Junior College — Science (PCM), KG Mittal College, Mumbai

Aug 2020 – May 2022

LEADERSHIP & ACHIEVEMENTS

NSS Unit Leader (B-27) — Prahladrai Dalmia Lions College

- Led a 300-member NSS unit and coordinated 10+ community welfare campaigns involving volunteers, college administration, and external stakeholders.
- Managed event logistics, communication, timelines, and execution across large-scale community initiatives.

Achievements: Tata Mumbai Marathon Official Finisher (2024) | Certificate of Excellence — College Puzzle Solving & Logical Reasoning Competition (2023)
